

Learning Chinese at the JCA Chinese School

Whether you're already learning Chinese (Mandarin) or you've just recently decided to take the plunge, let me offer 4 good reasons why you should learn Chinese, which will further motivate you to start learning or continue the learning.

First, the rise of China will undoubtedly be one of the great dramas of the twenty-first century. China's extraordinary economic growth and active diplomacy are already influencing the world.

Second, Chinese is the language of nearly 1/4 of the World's Population. Over 1.3 billion people speak the Chinese Language.

Third, Chinese is important for your career! The demand for business people who know Chinese is skyrocketing. Speaking even a little Chinese can greatly enhance your international business relations!

Forth, traditional Chinese culture, from Confucianism and Buddhism to martial arts and Chinese cuisine, are all of great intellectual interest that will enrich your mind, broaden your perspective and fulfill your life.

No doubt, learning Chinese is becoming more and more popular and important. But where can we get the most professional and affordable Chinese education? The answer is: the Jacksonville Chinese Association (JCA) Chinese School. Here are several reasons why JCA Chinese School is the best choice.

1. **Advanced teaching philosophy:**

As the old Chinese saying goes "teach him how to fish rather than just give him a fish (受人以鱼,不如授人以渔)", the JCA Chinese School always strives to stimulate student's interest and endow students with the self-learning skills. The School believes that the knowledge conveyed in class time is limited, but the interest aroused and the self-teaching skills acquired will get students a long way in learning Chinese. So the ultimate goal of teaching in the school is that students can eventually learn Chinese without the help of the school.

2. **Professional and passionate native teachers:**

The faculty members of the school not only are well-educated native speakers, but also professional Chinese teachers from the most prestigious public schools in Jacksonville such as Stanton. They have many years' first-hand teaching experience in Chinese. What is most important, they possess warm affection to the students, have genuine desire to promote the culture, and are eager to inspire students' interest. As the saying goes, "the mediocre teacher tells, the good teacher explains; the superior teacher demonstrates; the talented teacher inspires," the JCA Chinese School is proud to have the group of talented teachers.

3. **Accommodative learning environment:**

The JCA Chinese School is the largest Chinese School in North Florida currently offering 7 classes at different levels from age 5-18. Students can try out the different classes before they decide which level is suitable for him or her. Experts on Chinese culture from China will be invited to deliver guest lectures to the teachers and students every year. Adult class will be added in the future if there is enough interest.

4. **Effective networking platform**

While parents leave the kids to the capable hands of the teachers, they can enjoy the informal get-together and communicate with each other. Information is exchanged without awareness. It will be fruitful Sunday afternoons for both the student and parents.

5. **Affordable tuition rate**

The JCA Chinese School is very affordable. The current tuition rate is \$100 for the JCA members and \$120 for non-members per semester. Each semester consists of fifteen 2-hour-session classes. That is to say, it only costs \$3.66 per hour for members and \$4 for non-members to get the best Chinese education in town. In addition, the JCA membership fee is only \$10 per household per year.

Why wait? Are you ready? Please fasten your seat belt and away we go!!!
