

JCA Fundraising Update on 5/21/08

May 21, 2008

Dear JCA members, friends and donors,

Today is absolutely another great day for JCA. Thanks to so many donors and friends, JCA has once again successfully raised over **\$65,000** committed donation including future company gift matching today. This is a **30% increase** compared to yesterday's all time high.

JCA's leading effort in fundraising for the earthquake victims in China has touched many hearts of our members and friends. Donors not only sent their donation, but also sent their care and love. JCA's fundraising effort is also well recognized and JCA's website becomes "must-see" daily by our members and friends. Every day, JCA's website receives 2,000-3,000 hits as per Doug Liao and Tao He who manage www.usjca.org. Every day, we also receive many positive comments and feedback by phone, mail and e-mail. For examples,

"JCA:

Thanks for the **great effort** to help these who suffered in the earthquake of Sichuan province. My family and I would like to help them with our little donation.

Bing Lin"

"Our prayers are constant. – Anna and Robert McFarland"

"Dear EBM members,

...I chose JCA because 100% donations and J&J match will be sent to Red Cross of China, and J&J's match for this organization is 1:2, i.e., my \$1 donation + \$2 JnJ match = \$3 will be sent to China.

Songbai Wang, MD, MSPH

Director, Biostatistics and Programming
Clinical and Medical Affairs
Ortho-Clinical Diagnostics

A Johnson & Johnson Company”

“...You may pass the message to those who consider to **donate through JCA** (www.usjca.org).

Chengbin

Chengbin Lin, PhD

Pharmaceutical Development
Centocor R&D, Johnson & Johnson
145 King of Prussia Road
Radnor, PA 19087”

“Hi James,

Thanks so much for making the donation organized, convenient, and efficient. My check is also on the way now and hopefully it can help to save some lives and heal some broken hearts.

Best,

Lixia Bei”

Some friends asked if it is too late to make donation now. The answer is “No”. It is never too late to help China. Actually JCA’s fundraising is just a beginning. A large first class show event has been planned on June 15 (Sunday). More details will be followed next a few days. Please constantly visit www.usjca.org for updated info.

Hong Li, member of us, called us and wanted to send a check instead of paying credit card to avoid unnecessary payment processing fee this afternoon. She said that she would like to save each dollar of her donation for the earthquake victims in China.

Lastly, fundraising is not a easy task and is also new to JCA. We needs help and support from all members of JCA. We know you are very busy from your work, study and life. But there is one thing that we know you can help and should take you lonely a few mintues. We would like JCA members, friends and donors to forward JCA’s website: www.usjca.org to your network and contacts. We need and welcome more donors and friends joining with us together to help these who suffered in the earthquake of Sichuan province.

Hurry up and give your hand and love to them!

P.S. In Memory of Children who fell in the earthquake by Wenzuo

Hurry up, my child
grab mom's hand
the road to heaven is too dark
mom's afraid you will knock your head
hurry up, grab mom's hand. let mom be along with you

Mom, I am scared
the road to heaven is too dark
I couldn't see your hands
since the collapsing walls
took the sunlight away
I'll never see again your loving eyes

My child, please go
the road ahead will never be teary
it has no homework and the blames of your dads
but you must remember
how I and your dad look like, next life we'll be family again

Mom, don't worry
the road to heaven is crowded
many classmates and friends
we say, don't cry
whoever's mom is our mom
whoever's child is mom's child
days without me
give your love to the lived children

Mom, don't cry
tears won't lighten up
our roads to heaven
let us walk slowly
Mom, I will remember how you and dad look like
keep our promise, next life we'll be family again
